Ogni progetto è una relazione che prende forma.
Every design is a relationship made tangible.

Unisce il fascino artigianale della
ceramica alla brillantezza dello smalto,
dando vita a superfici dal carattere
unico e raffinato.

It combines the artisanal charm of
ceramics with the brilliance of
glaze, creating surfaces with a
unique and refined character..

Lacche

I Laccati nascono dall'estro degli artisti ceramici di Daf: colori esclusivi che, grazie alla lenta cottura della terracotta smaltata, si trasformano in superfici brillanti e vellutate.

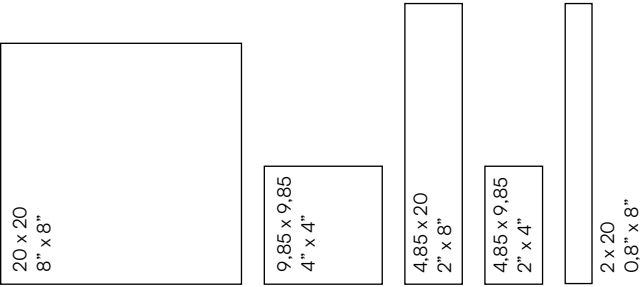

The Laccati collections are born from the creativity of Daf's ceramic artists: exclusive colors that, thanks to the slow firing of the glazed terracotta, are transformed into shiny, velvety surfaces.
